

SURVEY 3

Survey 3 was mailed to all respondents of survey 1. At the time of survey 3 (four mailings 10/30/2000, 12/05/2000, 01/16/2001, 03/28/2001), 4969 surveys were mailed out. Multiple mailings and extensive address searches were performed throughout the survey process. 188 records were unsuccessfully matched with a correct address. 3171 surveys were returned.

Data was cross checked for validity (age, sex) and some surveys were found to be discrepant or duplicates (n=95) leaving 3076 valid survey 3 data points.

The overall participation rate for survey 3 was 64%.
