

HEALTH QUESTIONNAIRE-"New" began 5/12/94

Questionnaire modifications

- 01-05-95 Modified question 52. to use same identifiers as 51. (work, mood, etc) instead of time of day (workday mornings, workday afternoons, etc). No change is needed for data entry since the valid values are still 1 thru 7. Revised forms used with studies done on 1/6/95 and after.
- 03-18-97 Question 54. Added c. asking for description of sleep problem.

Data entry modifications

- 06-03-94 Modified coding sheet:
- Questions 33 thru 40. Numbered yes responses 1 thru 13
 - Question 57 - Added space for Diagnostic code
- 03-18-97 Question 54. c. added to code sleep problem.

Note: Although some questions are worded differently, because this is the volunteers first visit, data entry coding is the same as the "Return" health questionnaire except for three additional questions 62.(dob), 63. (country of birth), and 64. (Nationality) not included on the "Return" questionnaire.

Major revision

- 11/1/97 Began using 12 page questionnaire. Same as 3rd visit HQ except includes questions re: tonsil/adnoid surgery
- 3/25/98* Added questions 75 (country born) and 76 (nationalities). These questions were inadvertently left off when the questionnaire was revised eff 11/1/97.
- *The info for questions 75 & 76 was obtained by f/u letters to "new" studies completed between 11/1/97 and 3/25/98.
- 7/12/99 Revised question 58 to include option of, "Every night or almost every night." This option will be coded as 5.
- Also revised questions 60, 61, 62, and 63 to change definition of code 4 from "3 to 5 nights" to "3 to 7 nights per week".
