

## HEALTH QUESTIONNAIRE>Returns began 10/1/93

### Questionnaire modifications

- 11-01-93 Question 44. modified to question if adnoids were removed "since last study".  
Questionnaires completed before change are coded according to modification.
- 11-02-93 Question 54. modified per discussion with Terry. Removed instruction to continue  
to question 58. if question 54. was answered "no". Questionnaires completed  
before change have been coded as "no" to questions 55., 56. and 57. if 54. is  
answered No. Question 54. was further modifiedby adding a request for the month  
and year if answered Yes.
- 04-15-94 Page 2 - Inserted additional instructions after Question 19.
- 01-05-95 Modified question 52. to use same identifiers as 51. (work, mood, etc) instead of  
time of day (workday mornings, workday afternoons, etc). No change is needed  
for data entry since the valid values are still 1 thru 7. Revised forms used with  
studies done on 1/6/95 and after.
- 03-18-97 Question 54. Added d. asking for description of sleep problem.

### Data entry modifications

- 06-03-94 Modified coding sheet:  
  
Questions 33 thru 40. Numbered yes responses 1 thru 13  
  
Question 57 - Added space for Diagnostic code
- 03-18-97 Question 54. d. added to code sleep problem.

### Major Revision

- 5/1/98 Began using 12 page questionnaire (same as 3rd visit HQ).
- 7/12/99 Revised question 56 to include option of, "Every night or almost every night." This  
option will be coded as 5.  
  
Also revised questions 58, 59, 60, and 61 to change definition of code 4 from  
"3 to 5 nights" to "3 to 7 nights per week".
